SDGE

A Sempra Energy utility®

CHEN WITH THE LED LIGHTBULB CONVERSION!

Save money and get the energy savings win for team California when you convert to LED bulbs and use ENERGY STAR® light fixtures, which use less energy and produce less heat. You can save even more when you're on the right pricing plan for your lifestyle, especially as we continue to spend more time at home. Learn more about your options and ways to save on summer energy bills at **sdge.com/summer.**
