

The Place for the Best Breast Care is Even Better

The Star and Barry Tobias Women's Health Center at CentraState combines advanced technology with clinical expertise to provide women with comprehensive breast care. And now, the place for great breast care just got even better with the addition of John Pellegrino, MD, a board-certified breast surgeon specializing in the diagnostic and surgical treatment of breast cancer and other diseases of the breast.

The center is accredited by the National Accreditation Program for Breast Centers for achieving excellence in providing the highest quality cancer care and is designated as a Breast Imaging Center of Excellence by the American College of Radiology.
