

Where Independence Meets Peace of Mind

Assisted Living at Bethany Village

From the moment you or a loved one move in, you'll be surrounded by new friends, five-star amenities, and faithful caring that only Bethany Village can deliver. Our two Assisted Living options, **Crescent Crossing Assisted Living** and **Pavilion Assisted Living Memory Care**, offer a secure environment where older adults enjoy life to the fullest with the right balance of independence and quality care.

We're proud to offer **Opening Minds Through Art** for Pavilion Assisted Living Memory Care residents. This art therapy program provides cognitive stimulation and builds relationships through one-on-one art projects. Together, our art, music, and pet therapy programs promote the social engagement, dignity, and self-expression of our residents.

All Assisted Living residents enjoy:

- Modern rooms and welcoming gathering spaces
- Delicious, chef-prepared meals
- Engaging group activities
- Dedicated nurse on site 24/7 and full-time social worker
- Full continuum of care on one campus
