

Nebraska's most advanced medicine, to keep your life moving forward.

Ranked among the nation's best. Whether it's something serious, or if you simply want to feel your best, start with Nebraska Medicine. This is where world-leading specialists offer leading-edge services you won't find anywhere else in the state. Like Nebraska's only Comprehensive Stroke Center ... and CAR T-cell Therapy, the latest cancer breakthrough. We also offer innovative clinical trials and perform the most research in Nebraska. It all adds up to the state's most comprehensive care — so you have every advantage possible.
