

BEAUTIFUL, UNIQUE, BOUTIQUE SENIOR LIVING

Gorgeous grounds, engaging events, a warm staff, and affordable care make the one-of-a-kind St. Louis Altenheim a treasure among senior living facilities.

Picture yourself on a patio high above the scenic Mississippi River, watching eagles soar over the bluffs as the sun sets on the horizon. Riverwalk strolls, delicious cuisine, good friends, and new memories are just a moment away.

That's what senior living is all about at the St. Louis Altenheim. Far from the cookie-cutter chain options, where the rooms and buildings all look alike, the St. Louis Altenheim is an elegant, one-of-a-kind estate boasting spacious living areas, expansive windows, vibrant colors, and distinctive amenities.

{ A PEEK INTO THE SUITES }

- *Choice of private-suite floor plans*
- *Personal furniture and belongings welcome if desired*
- *Individually controlled heating and air conditioning*
- *Safety-enhanced private bath with step-in or no-step showers*
- *Telephone outlets and security intercom*
- *City or river view suites available*

The St. Louis Altenheim is much more than a pretty face. This nonprofit facility has been a fixture in St. Louis public life for more than a century, actively engaging in community groups and events. First formed by the Founders of the St. Louis Altenheim, along with several recognizable St. Louis families including Busch, Lemp, Mayer, and Stix, this historical landmark was formed to provide a comfortable and caring haven to St. Louis' elderly, regardless of their religious or cultural background.

Five Levels of Care

The St. Louis Altenheim offers guests and their families peace of mind with five levels of care on-site to support changing care requirements. A full-time licensed administrator, medical director, and RN director of nursing oversee all levels of care.

Independent Living

Residents with active lifestyles enjoy private bedrooms and enhanced bathrooms. Resources are readily available to support daily living needs.

Supportive Living

This level is for residents needing assistance with medication management and occasional stand-by help.

Respite Care

Respite care gives seniors a short-term place to stay for any reason, such as while recovering from illness or surgery, or when their caregiver is unavailable. It's also a chance to try the St. Louis Altenheim before moving in.

Nursing Care

Nursing care includes 24-hour nursing staff, medication administration, and assistance with daily activities and laundry.

Bavaria Memory Care

This option is designed for those with Alzheimer's and dementia. Activities from expressive arts to field trips help residents reconnect with favorite hobbies, interests, and cherished memories.

“Living at the St. Louis Altenheim is like being on vacation. I can relax in my beautiful room, go to an exercise class, enjoy a game of Bingo, and join friends in the dining room overlooking the Mississippi. Now that's service.” —William, Resident, St. Louis Altenheim
