WOMEN'S HEALTH

BUILT TO *Care*

Neuro Care right on *Time!*

Neurosciences at Chesapeake Regional Healthcare represents world class care. We specialize in vascular and critical care neurology, as well as minimally invasive spine and neurosurgery. From sleep studies and migraine treatments to complications from stroke, Parkinson's disease and multiple sclerosis, we have highly skilled neurological specialists ready to care for you.

Our patients have access to the most experienced neurosurgeons in Hampton Roads. State-of-the-art equipment allows for smaller incisions, which result in shorter recovery times and fewer complications.

- Certified Primary Stroke Center
- Dedicated Neuro Intensive Care Unit
- State-of-the-Art Neurointerventional Suite
- Stereotactic Radiosurgery
- 24-Hour Advanced Stroke Care
- Minimally Invasive Neurosurgery for the Spine and Brain

Cancer Care close to *Home*

At Chesapeake Regional Healthcare, we've combined personalized care, highly-skilled medical experts and advanced technology to provide exceptional cancer treatment.

Our Sydney M. Oman Cancer Treatment Center includes board-certified physicians, surgeons, oncologists, oncology-certified nurses and therapists, dedicated nurse navigators, a dietitian and social worker. Together, they strive to remove as much stress and fear as possible, enabling patients and their caregivers to focus on what matters most: fighting cancer and getting better.

- Stereotactic Radio Surgery
- Advanced Imaging – PET CT
- Nuclear Medicine
- 3D Mammography
- Low Dose Rate Prostate Seed Implant Program
- Outpatient Palliative Care
- Survivorship Clinic
