

Cancer Care Close to *Home*

PRIORITY TOYOTA
CANCER CENTER

CHESAPEAKE REGIONAL
HEALTHCARE

Chesapeake Regional Healthcare supports cancer patients.

We offer patients comprehensive cancer care to detect and treat all stages of disease, along with a full range of resources to support patients and caregivers. Our entire staff of board-certified physicians, surgeons, oncologists and other highly-skilled medical experts work together to deliver compassionate care close to home so patients can focus on what matters most: *fighting cancer*.

Offering exceptional care and the most advanced technology.

Exceptional cancer treatment begins with state-of-the-art technology. Accredited by the American College of Surgeons' Commission on Cancer, our new center is equipped with important advancements and innovative services to give patients a fighting chance.

A Seriously Uplifting Experience.™

Join the Bra-ha-ha® experience, an annual bra decorating contest and breast cancer awareness campaign that brings lighthearted fun to a serious subject. Funds raised by entering a bra at **Brahaha.org** provide free mammograms for uninsured and underinsured members of our community.
