

FACING A **HEART VALVE** PROCEDURE?

IT'S DECISION TIME

Choose Penn Medicine Heart and Vascular Center, the region's only nationally ranked program.

The moment you find out you need a complex heart valve procedure, it gets serious. You won't settle so you search, and all roads lead to Penn Medicine. We perform the most heart valve procedures in the region, leading to high success rates for even the most complex cases. We've pioneered breakthroughs from TAVR to robotic surgery and continue to perfect the latest innovations in minimally invasive and open-heart surgery. And with locations near you for pre-and-post procedure care, it's peace of mind when you need it most.
