Meets standards for
Comprehensive Stroke Center

Time together matters. Especially now.

When a loved one experiences a stroke, every minute matters. You can make a difference. Know the signs and symptoms of stroke — and where to go for the best care in a stroke emergency.

As a Comprehensive Stroke Center, UI Health meets the highest standards of stroke care. Our neurocritical care team is ready 24/7 to provide the most advanced treatments for stroke.

When time is most critical, we are ready.

Be prepared to protect the ones you love.
