UNIQUE SENIOR LIVING... FOR THE BEST OF YOUR LIFE

Fountaingate Gardens, part of the award-winning Gurwin Healthcare System, offers resort-style retirement living backed by the Gurwin standard of excellence.

Picture a beautiful campus, thoughtfully planned with every life-enhancing detail in mind. Lush, landscaped gardens, a brook along winding paths, and a fountain create a scenic oasis. A charming village-like ambiance blends perfectly with modern conveniences and the latest technology. The buildings are striking, the apartments comfortable and well-appointed. The Commons clubhouse is the heart of the community, providing an ideal location for life-fulfilling amenities, fitness, and dining, all just steps from resident homes.

Now imagine enjoying morning coffee on a shaded bench with new neighbors who have become friends, discussing the plans of the day: a painting class in the art studio, a bite at the bistro, yoga on the lawn followed by a

dip in the saltwater pool, ending with dinner with friends.

This is life at Fountaingate Gardens, Long Island's newest life plan community located on Gurwin Healthcare System's sprawling 36-acre campus in Commack. Built on the vital dimensions of wellness and on Gurwin's three-decade-long commitment to quality and excellence, residents are sure to find what they've been looking for in retirement living: an active, vibrant community with an eye to providing a safety net for the future.

Stuart B. Almer, president and CEO of Gurwin, says that by adding Fountaingate Gardens, Gurwin is ensuring more Long Islanders can truly age in place, with beautiful apartment homes, a dynamic lifestyle, and predictable monthly expenses. "Fountaingate Gardens offers residents the best of everything: the lifestyle they want and the peace of mind they deserve," he says.

Commack, NY

For more than three decades, Gurwin has proudly served the region as a leading nonprofit healthcare organization dedicated to caring for older adults. In addition to Fountaingate Gardens, Gurwin offers:

Skilled Nursing & Rehabilitation

Gurwin Jewish Nursing & Rehabilitation Center is a 460-bed, 5-star CMS-rated skilled care facility offering short-term rehabilitation and long-term care, memory care, respiratory and ventilator care, advanced care, hospice and palliative care, adult day care, and on-site dialysis. In 2021, Island Nursing and Rehab Center, a 120-bed facility in nearby Holtsville, joined Gurwin, offering both short- and long-term care, as well as other specialty care.

Assisted Living

Gurwin Jewish - Fay J. Lindner Residences assisted living community offers residents full, private apartments and studios, plus a host of enriching activities and amenities, right on the Gurwin campus.

Home Care

Gurwin offers both skilled home care services, such as nursing, social work, and physical therapy, and aide and companion services to residents of Long Island and Queens.

Memory Care

Care for those with Alzheimer's disease or other memory impairments is provided in both the Gurwin Jewish Nursing & Rehabilitation Center and Gurwin Jewish - Fay J. Lindner Residences. Specially trained staff members provide a nurturing environment and activities to engage and direct residents.
