

At Columbia, we believe quality breast care should be within reach for everyone. That's why our comprehensive breast cancer screening and treatment services are accessible and affordable with locations in Manhattan, Brooklyn, Queens, Westchester, and Hudson Valley.

From mammograms to breast surgery and cancer therapies, we provide personalized care that puts you in control of your breast health.

**CARE
WITHIN
REACH**

Armisia is living life as she was before her breast cancer diagnosis, thanks to the care she received from the breast cancer care team at Columbia's Herbert Irving Comprehensive Cancer Center.
