we're on the way up!

A SPRING MADE FOR GATHERING

There's a special feeling that comes with spring in the Great State of Wilkes — wide-open views, fresh mountain air, and a pace that invites everyone to slow down and spend time together. Here, rolling foothills glow green, waterfalls shimmer, and days unfold naturally, with space for conversation, connection, and rest.

Enjoy scenic walks and easy trails, wine with a view, local flavors, and welcoming places to gather and stay awhile. It's the kind of spring getaway that feels expansive, restorative, and quietly memorable — a place where generations can reconnect and moments are meant to be shared.
